

Aluminum Bullhorn with 2 Arms at 180 Degrees. Item #: A10066

Product Description:

-This Bullhorn Bracket is made of Aluminum. The bottom portion is 2-1/2 inches in diameter (inside diameter) allowing it to slip-fit over any 2-3/8" tenon regardless of the shape of the pole. Each curved arm is 2-3/8" in outside diameter allowing any light fixture with a standard 2-3/8" slip-fitter to slide over the arm. Natural Aluminum finish is standard. Other powder coat finish options are available at a surcharge.
