2 Foot Long 20 Watt LED Wraparound Light

Product Description

Looking for an affordable solution for your commercial interior lighting needs? Lightmart has you covered with this two foot long, 20 watt LED wraparound light. The LED ceiling wrap fixture is a great replacement for an existing 2 lamp fluorescent fixture, and the long lasting LED inside means zero maintenance costs. The energy efficient 20 watt LED wraparound light can fit anywhere and works well in any commercial space.
