Waterloo Series Direct-Bury Round Aluminum Light Pole Assembly. Item #: 610092

Product Specifications:
- Pole: 4" diameter round aluminum pole shaft conforms to ASTM B221 with extruded 6063 aluminum heat treated post welding to T6 temper. Shaft is free of longitudinal welds. Black powder coat.
- Hand hole: 2" x 4" hand hole with cover and stainless steel screws. Grounding provision is provided near opening.
- Embedment: The pole is embedded directly into the ground and does not require any anchor bolts. Typical embedment depth is 3 feet.
- Pole Top: A removable pole cap or welded tenon (2-3/8", 3" or 4") is provided.
- Decorative Base: Single piece cast aluminum base slides over the pole for easy assembly (before light fixture is attached to pole).
- Color: Entire assembly is powder coated in Black.

Maximum Wind Rating:
- 8 ft.: 120 mph
- 10 ft.: 120 mph
