Product Specifications:
- Low-copper, aluminum die-cast housing and lens frame.
- Heat dissipating fins for optimized thermal management.
- Durable polyester powder coat finish.
- 27 Watt
- Color temp: Neutral White (4100K)
- CRI: 80
- Min. Starting Temperature: -30°C
- 2,400 Lumen Output
- 50,000 Hour Life
- Driver: 700 mA output, constant current supply
- Input voltage: 120-277V 50/60 Hz
- Mounting: 1/2" NPS aluminum die-cast swivel arm fits to standard junction box (not included).
- Side screw at arm knuckles allows for optics aiming.
- Certifications: UL/CUL Listed, suitable for Wet Locations
- Warranty: 2-Year Warranty
